SICK LEAVE AND FAMILY AND MEDICAL LEAVE

- 20.1 Sick Leave – *Article 20.1 only applies to employees who opted to remain in the traditional vacation and sick leave program.* Sick leave time off with pay is available to eligible employees for periods of temporary absence due to illness, injury, or to obtain necessary medical care for themselves, or their immediate family as defined as the employee’s parents, spouse, children, in-laws, all levels of grandparents and all levels of grandchildren and stepchildren. Note: Under certain conditions, the non-biological, non-adoptive person who reared the employee may qualify as a “parent”. Sick leave hours are intended primarily to provide income protection in the event of illness or injury, and shall not be used for any other absence. An employee is prohibited from working secondary employment during the actual hours of sick leave. Sick leave is not counted as time worked.
- a. Full-time/Regular employees shall accrue 3.69 hours of sick leave per pay period, until a maximum of 720 hours have been reached. Sick leave accruals may not exceed 720 hours. Employees who have accrued sick leave hours in excess of 720 hours will be reduced to the maximum of 720 hours upon implementation of these revised policies and procedures.
 - b. Other employees shall not be eligible for sick leave.
 - c. Employees who are unable to report to work due to illness or injury shall notify their direct supervisor before the scheduled start of their workday, if possible. The direct supervisor must also be contacted on each additional day of absence.
 - d. Employees unable to fulfill normal work assignments due to illness or injury may or may not be allowed transitional duty assignments depending on availability. Transitional duty is normally limited to employees with a prognosis for return to full duty and for no more than six weeks. All transitional duty assignments will be coordinated with the Human Resources/Risk Management Department.
 - e. Upon meeting the eligibility requirements for City retirement, an employee would be entitled to the following sick leave payout:

<u>Years of Service</u>	<u>Accrued Sick Leave Entitlement</u> <u>(based on a maximum of 720 hours)</u>
25 or more	60%
20 to 24	45%
15 to 19	40%
10 to 14	35%
Less than 10	25%

Employees who buy back service time in accordance with the pension ordinance do not receive credit for additional years of service for the accrued sick leave entitlement.

20.2 Family and Medical Leave - Eligible employees may take up to 12 workweeks of paid, unpaid, or a combination of paid and unpaid job-protected leave each year for specified family and medical reasons.

The National Defense Authorization Act for FY 2010 expands the Family and Medical Leave Act of 1993 requirements with respect to qualifying exigency leave for family of military members and military caregiver leave. Military caregiver leave permits a spouse, son, daughter, parent, or next of kin to take up to 26 workweeks of leave to care for a member of the Armed Forces, including a member of the National Guard or Reserves, or a veteran who did not receive a dishonorable discharge, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness. Qualifying exigency leave provides for up to 12 weeks of unpaid FMLA leave for spouses, parents, and children of any member of the armed forces who is either serving in a foreign country on active duty or is called to service in a foreign country. Qualifying exigency leave is available for short-notice deployment, military events and related activities, child care and school activities, financial and legal arrangements, counseling, rest and recuperation, and post-deployment activities. The provisions of this act will be administered in accordance with the Department of Labor guidelines.

- a. Employee Eligibility: To be eligible for family and medical leave, the employee must meet both of the following conditions:
 - 1. Employee must have worked at least 12 months for the City.
 - 2. The employee must have worked at least 1,250 hours over the previous 12 months.
- b. Type of Covered Leave: To qualify for FMLA leave, the eligible employee must take the leave for one or more of the following reasons:

1. The birth of a child and the care of a newborn child, or placement of a child with the employee for adoption or foster care.
 2. To care for the serious health condition of the employee's spouse, parent (not parent-in-law), child under 18 years old, or a child over 18 years old who is incapable of self-care because of a mental or physical disability. Note: Under certain conditions, the non-biological, non-adoptive person who reared the employee may qualify as a "parent". Consult with Human Resources/Risk Management if you have questions.
 3. Because of the employee's serious health condition which makes the employee unable to perform the essential functions of the job.
- c. Serious Health Condition: The law defines "serious health condition" as an illness, injury, impairment, or physical or mental condition which involves any of the following:
1. An overnight stay for inpatient treatment in a hospital, hospice, or residential medical care facility.
 2. A period of incapacity requiring absence from work, school, or other regular daily activities of more than three calendar days and that also involves continuing treatment by or under the supervision of a health care provider.
 3. Continuing care by or under the supervision of a health care provider for prenatal care or a chronic or long-term health condition which is incurable or so serious that, if not treated, would result in a period of incapacity of more than three (3) calendar days.
 4. Employees with questions about what illnesses are covered under this FMLA policy should consult with the Human Resources/Risk Management Department.
- d. Duration of Leave: Eligible employees may receive up to 12 or 26 workweeks of leave during any "rolling" 12 month period (depending on the type of leave taken), measured backward from the date of any family or medical leave. Family and medical leave involving the birth

or placement of a child for adoption or foster care must be concluded within 12 months of the birth or placement.

- e. Eligible employees may take family and medical leave intermittently – which means taking leave in blocks of time, or by reducing the normal weekly or daily work schedule – whenever it is medically necessary to care for a seriously ill family member, or because the employee is seriously ill and unable to work. Intermittent leave is not normally permitted for the birth of a child or placement of a child for adoption or foster care.
- f. Use of Paid and Unpaid Leave: Eligible employees must exhaust all available paid leave (accrued vacation, compensatory leave, sick leave, PTO, or holiday leave) before going on a leave without pay status. Supervisors will be responsible for submitting the employee timecard to payroll and the Human Resources/Risk Management Department while an employee is on FMLA leave. Paid and unpaid leave will be counted against the eligible 12 or 26 weeks of FMLA leave.
- g. Maintenance of Health Benefits: The City will maintain coverage for the employee and (if applicable) the employee’s family under the group health plan during family and medical leave. This coverage will be provided if the employee or the employee’s family were covered under the plan at the time the leave was taken and on the same terms as if the employee had continued to work. Employees must make arrangements with the Human Resources/Risk Management Department to pay the family health plan premiums while on unpaid FMLA leave.
- h. If paid leave is being utilized, the City will automatically deduct the existing dependent health plan premium and all other optional and mandatory deductions unless the employee makes other arrangements with the Human Resources/Risk Management Department.
- i. The City will also continue paying 100% of the employee’s basic life and accidental death and disability insurance.
- j. If the employee chooses not to return to work for reasons other than a continued serious health condition, the employee will be required to reimburse the City the amount it incurred for the employee’s health insurance premium during the leave period, whether the leave was paid or unpaid.
- k. Job Restoration: Upon returning from a family and medical leave, the employee will normally be restored to the original job, or to an

equivalent job with equivalent pay, benefits, and other employment terms and conditions.

1. Use of family and medical leave will not result in the loss of any employment benefit that the employee earned or was entitled to before using family and medical leave.
- m. Notice and Medical Certification: When seeking FMLA leave, the employee will be required to provide thirty (30) working days' advance notice of the need to take the leave, if the need is foreseeable.
- n. When seeking FMLA leave, the employee will be required to provide medical certifications to the Human Resources & Risk Management Department supporting the need for leave due to a serious health condition affecting the employee or an immediate family member. Second or third medical opinions (at the City's expense) and periodic re-certifications may also be required.
- o. When seeking FMLA leave, the employee may be required to provide:
 1. Periodic reports by phone or in person during the leave regarding status and intent to return to work.
 2. Medical certification of fitness for duty before returning to work, if the leave was due to the employee's health condition. Certification is to be given to the Human Resources/Risk Management Department.
 3. When leave is needed to care for an immediate family member or for the employee's own illness, and is for planned medical treatment, the employee must try to schedule treatment so that it will not unduly disrupt the City's operations.
- p. Outside Employment: Employees who wish to obtain new outside employment or retain presently approved outside employment while on FMLA leave must submit the standard "Request for Outside Employment" form to their immediate supervisor for consideration.
- q. Long-Term Disability (optional coverage): In the event an employee is on FMLA leave due to that employee's own serious health condition, that employee may become eligible for LTD. In this instance, it is the employee's responsibility to file a claim under the LTD procedures with Human Resources/Risk Management.

- r. Additional Information: If an employee fails to provide 30 days' notice for a foreseeable leave with no reasonable explanation for the delay, the leave request may be denied until at least 30 days from the date the City received notice.
- s. If a husband and wife both work for the City, they are entitled to a combined total of 12 workweeks of FMLA leave for the birth of a child, the adoption of a child or placement of a child in foster care.
- t. To qualify for pre-childbirth FMLA leave, the eligible employee must provide written medical certification issued by a licensed physician to the Human Resources/Risk Management Department supporting the need for leave due to a serious health condition affecting the mother or the unborn child.
- u. Employees who fraudulently obtain FMLA leave are not entitled to job restoration or maintenance of employee benefits.
- v. The City will comply with the requirements of federal law governing FMLA leave. The City does not intend to provide any type of FMLA beyond the minimum federal law requirements, except to the extent that state laws and other policies apply. The City has the right to reject any FMLA leave (and maintenance of employee benefits) that does not meet the minimum federal law requirements. This rejection may take place at any time, even if the City previously granted the FMLA leave or maintained employee benefits.
- w. FMLA/Worker's Compensation - Employees who lose time from work for a work-related injury or illness that constitutes a serious health condition will be placed on Family and Medical Leave, if eligible.
