

Commercial Load Data Sheet

Technician: _____

1805 NE 30TH Ave., Bldg. 400
Ocala, Fl. 34470
Phone: (352) 351-6620
Fax: (352) 401-6961

Electric Engineering Division

Date: _____

- NOTE:**
- ALL INFORMATION FIELDS MUST BE FILLED IN, OR DATA SHEET WILL BE REJECTED.
 - ALL 277/480 Volt services will require CT metering.
 - Each meter requires its own Data Sheet to be filled out. Identical units may use a single sheet. However, the number of identical units or service panels must be noted in the "Remarks" section.
 - Large or special loads will require additional time. Please contact Electrical Engineering for further information.
 - Meter equipment pickup requires a 24 hour notice. Call 351-6640 to arrange pickup.

Customer Name: _____

 Telephone Number : _____ Fax: _____
 Electrical Contractor: _____ Telephone Number : _____
 Estimated Date Permanent Meter Equipment Required: _____ (Month/Year - Required Information)

Service Entrance

Riser Diagram must be submitted with ALL Commercial Load Data Sheet(s).

Main Panel Size: _____ Amps Number of Phases: _____
 Service Voltage: _____ Volts Main Breaker AIC Rating: _____ Amps

Number of Conductors per phase: _____ Connected Load: _____ kW
 Service Entrance Conductor Size: _____ Running Load: _____ kW
 Service Conductor Material: _____ (Copper or Aluminum)

MOTORS

Largest Motor: _____ Hp Type of Starting Device: _____
(Do not include this motor in motor list below)

LOADS

Lighting:	_____ kW	_____ Amps
A/C	_____ Tons (Total)	_____ Total # of A/C units
Heat (Aux)	_____ KW	_____ Amps
Heat Pump	_____ YES	_____ NO
Receptacle	_____ kW	_____ Amps
Motors	_____ Hp	_____ Hp
	_____ Hp	_____ Hp
Tankless Water Htr	_____ kW (Total)	_____ Total # of Htr
Misc:	_____ kW	_____ Amps
