

<u>LIGHT TYPE</u> ^{4,5}	<u>INITIAL CHARGE</u> ¹	<u>MONTHLY CHARGE</u> ²	<u>BEHIND METER</u> ³
STANDARD LIGHT FIXTURES			
NEMA Head			
100W LED	\$393.00	\$9.60	\$6.28
Cobra Head			
150W LED, Grey	\$779.00	\$19.17	\$12.45
250W LED, Grey	\$873.00	\$24.48	\$13.94
250W LED, Black	\$952.00	\$25.74	\$15.20
Flood Light			
250W LED, Bronze	\$1,003.00	\$27.36	\$16.02
400W LED, Bronze	\$1,003.00	\$39.52	\$16.02
DECORATIVE LIGHT FIXTURES (Underground connection only)			
Shoe Box Light (Square pole only)			
100W LED, Black	\$743.00	\$16.25	\$11.87
250W LED, Bronze	\$826.00	\$22.27	\$13.19
400W LED, Bronze	\$947.00	\$29.06	\$15.12
Acorn Light			
100W, LED, Black	\$1,541.00	\$33.75	\$28.89

1. Initial Charge is for a single OEU light installation per site, when fixture is mounted on an existing pole, including up to one 200' span of secondary overhead conductor. Multiple light installations or lights requiring underground installation will have an installation charge based on the estimated work order cost for the overall OEU Engineering design. OEU Engineering will not perform photometric or light placement designs.
2. Monthly Charge is for each OEU light in that class and is connected directly to OEU's electric distribution system. This covers energy consumption and fixture maintenance as needed (light failure). This does not cover maintenance for aesthetics.
3. Behind Meter charge is for each light in that class and is connected behind a customer's meter and N.E.C.-compliant protective equipment. This covers only the fixture maintenance as needed (light failure). This does not cover maintenance for aesthetics.
4. LED wattage ratings are an equivalent rating to a comparable legacy HPS or MH class of light. Lumen equivalency may not be one-for-one.
5. Discontinued lights are no longer available for new installation. For existing lights, the monthly charges remain until disconnected.
6. OEU will not provide any installation or maintenance for non-OEU stocked fixtures and/or poles. All non-OEU lights must be behind a customer's metered service with N.E.C.-compliant protective equipment.
7. So long as monthly charges are being paid, OEU will replace existing OEU HPS and MH (non-decorative) fixtures with similar type LED fixtures as units fail without new initial charges. Decorative fixtures will be replaced with only the current standard globeless acorn type with a 50% reduced initial charge.
8. Light fixture images are manufacturer general marketing images intended only to provide a general idea of fixture type, and may not be representative of the actual unit, since OEU uses multiple approved manufacturers to ensure availability for maintenance.

POLES & CONDUCTOR	INITIAL CHARGE	MONTHLY CHARGE¹⁰
30' Standard Wood Pole	\$667.00	\$4.17
35' Standard Wood Pole	\$779.00	\$4.86
30' Standard Wood Pole (Underground connection ⁹)	\$1,307.00	\$8.17
35' Standard Wood Pole (Underground connection ⁹)	\$1,418.00	\$8.86
30' Concrete Pole	\$1,638.00	\$8.82
35' Concrete Pole	\$2,175.00	\$11.05
Decorative, 14' Mount Height, Aluminum, Fluted, Black	\$1,932.00	\$20.12
Decorative, 15' Mount Height (20' Overall), Aluminum, Square, Black (Shoebox only)	\$1,932.00	\$20.12
Decorative, 35' Mount Height (42' Overall), Aluminum, Round, Smooth, Black	\$2,530.00	\$26.35
Extra Span secondary (200')	\$344.00 (Per Span)	2.63
Hand Set Pole NO TRUCK ACCESS	\$1,000.00	N/A
100W Maintenance for hand set pole	N/A	add \$2.10
250W Maintenance for hand set pole	N/A	add \$3.05

9. For underground connection, the customer is responsible for conduit installation and must meet OEU's Conduit Policy requirements. OEU will provide the conductor.

10. The monthly charge covers pole replacement for structural integrity failure. Poles will not be replaced, painted, or otherwise remediated just for aesthetic reasons.

11. When existing, discontinued poles require replacing, those poles will be replaced with a standard pole option and the customer will pay the new initial charge. *Customers are no longer charged monthly fees for non-replaceable poles.*

Rates as of 2024 (Subject to change. There is no minimum contract term and all fixtures and poles are eligible for cancellation with a 30-day notice).
